

Steps to Import Networking Demo

1. Import the '[Extension_Netcode_Multiplayer.unitypackage](#)' package from 'Chess Engine & AI'.
2. Import the '[PhysicsHand_Netcode_Multiplayer.unitypackage](#)' from 'Physics Hand'.
3. Import the '[ChessInVR_Netcode_Multiplayer.unitypackage](#)' package from 'Chess In VR'.
4. Add the 'Chess In VR' netcode multiplayer sample scene to your 'Build Settings' in your project.
5. Configure network settings in the relevant components.
6. Build your project.
